From our initial establishment in 1954 to our current mission and vision for the future, the Georgia Home Furnishings Association (GhFA) always strives to live up to our founding members' vision: to create the strongest association and to provide dedicated service to members. Having merged with the Georgia Home Furnishings Representatives Association (GhFRA) in 2001, and developed a new technology-based mission and tag line – **“Get Connected...it's your business”** – GhFA remains committed to the vision set in motion more than 50 years ago.

Accounting for every member involved in any aspect of Georgia's home furnishings industry, GhFA is proud to be the nation's largest, independent state home furnishings association. Comprised of more than 400 manufacturers, retailers, representatives and vendors, we strive to keep all of our members connected to the opportunities, issues and people that matter most to their businesses.

Our merger with GhFRA has made us a stronger, united organization able to achieve greater good for the Georgia home furnishings industry, whether through legislative lobbying, networking or business opportunities. As a stronger organization with an eye on the future, we continue to provide dedicated service to our members. With the opportunity for member benefits greater than ever, we expect every year to better our best!

**Get connected today,
because it's your business!**
